NOTE - 1

Significant Accounting Policies

COMPANY OVERVIEW

ICON FACILITATORS PRIVATE LIMITED was incorporated on 20th September, 2013 with an objective of providing manpower recruitment service.

A. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values. GAAP comprises mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 ('the Act') read with Rule 7 of the Companies (Accounts) Rules, 2014, the provisions or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

B. USE OF ESTIMATES

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known or materialise.

C. FIXED ASSETS

Tangible Assets

Fixed Assets have been stated at actual cost inclusive of installation cost, taxes and other incidental expenses. The life of the certain assets has been taken less than as per life prescribed in schedule II of companies act 2013.

D. DEPRECIATION, AMORTISATION AND DEPLETION

Depreciation on tangible assets is provided on the WDV method over the useful lives of assets as prescribed in Schedule II to the Companies Act, 2013. Depreciation for assets purchased / sold during a period is proportionately charged.

E. REVENUE RECOGNITION

Revenue from sale of services has been recognises when provision of services are completed or substantially completed and there is uncertainty of its ultimate collection. Revenue from sale of goods is recognised only when risks and rewards incidental to ownership are transferred to the customer, it can be reliably measured and it is reasonable to expect ultimate collection. Revenue from operations includes sale of goods, services, adjusted for discounts (net), service tax, and value added tax.

F TAXES ON INCOME

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to the tax authorities, using the applicable tax rates. Deferred income tax reflect the current period timing differences between taxable income and accounting income for the period and reversal of timing differences of earlier years/period. Deferred tax assets are recognised only to the extent that there is a reasonable certainty that sufficient future income will be available except that deferred tax assets, in case there are unabsorbed depreciation or losses, are recognised if there is virtual certainty that sufficient future taxable income will be available to realise the same.

Deferred tax assets and liabilities are measured using the tax rates and tax law that have been enacted or substantively enacted by the Balance Sheet date.

G OTHER INCOME

Interest income is recognised on a accrual basis.

H EARNINGS PER SHARE

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

I CASH AND CASH EQUIVALENTS

Cash and Cash Equivalents for the purpose of cash flow statement comprise cash at bank and in hand and short term investment with original maturity of three months or less.

J BORROWING COSTS

No borrowing cost is capitalized during the year since company has no qualifying assets. All other borrowing costs are charged to Statement of Profit and Loss.

K PROVISION FOR CURRENT AND DEFERRED TAX

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income-tax Act, 1961 using the applicable tax rate. Deferred tax resulting from "timing difference" between taxable and accounting income is accounted for using the tax rates and laws that are enacted or substantively enacted as on the Balance Sheet date. The deferred tax asset is recognised and carried forward only to the extent that there is a virtual/ reasonable certainty that the asset will be realised in future.

L

PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions is recognised in the accounts when there is a present obligation as a result of past event(s) and it is probable that an outflow of resources will be required to settle the obligation and reliable estimate can be made. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.
